#### CELEBRATING THE CENTENNIAL OF DELTA SIGMA THETA SORORITY, INC.

#### HON. JOYCE BEATTY

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

*Thursday, July 11, 2013*

Mrs. BEATTY. Mr. Speaker, I rise today to celebrate the 100th anniversary of the founding of my sorority, Delta Sigma Theta Sorority, Inc.

I am a proud member of this sisterhood—a sisterhood of more than 200,000 predominately Black-college educated women with some 900 chapters across the United States.

This week, tens of thousands of my sorors will travel to Washington, DC, to honor our sisterhood, which was founded at Howard University on January 13, 1913.

We will trace our journey from the halls of Howard where twenty-two visionary undergraduate students created an organization committed to fostering a spirit of sisterhood, scholarship, and service among women.

We come together to honor the memory of all our sorors who came before us and contributed to our great Delta Sigma Theta, Inc. legacy.

We stand on the shoulders of greatness and in the midst of greatness.

And, I am certain our legacy of leadership, service, and friendship will endure for another one hundred years and beyond.

#### HONORING THE 60TH ANNIVERSARY OF SAINT CLARE'S HEALTH SYSTEM

#### HON. RODNEY P. FRELINGHUYSEN

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

*Thursday, July 11, 2013*

Mr. FRELINGHUYSEN. Mr. Speaker, I rise today to honor Saint Clare's Health System, located in the Township of Denville, Morris County, New Jersey, which is celebrating its 60th anniversary.

The history of Saint Clare's Health System dates back to 1895, when the Sisters of the Sorrowful Mother, the founders of Saint Clare's, came to Denville. After building a health resort that saw tremendous success, the Sisters decided it was time to go forth with another project in 1940. However, World War II intervened, and the project did not take root until 1949. With the post-war housing boom and migration to the suburbs, the Sisters saw a growing need for a hospital in Denville and

the surrounding area. Finally, after building a 157-bed hospital at a cost of \$3.25 million and hiring a staff of 35 nurses and medical technicians, the Sisters opened Saint Clare's Hospital Auxiliary on September 24, 1953.

Saint Clare's commitments and expectations in the community have grown, as it continues to explore new ways to enhance its medical care. Saint Clare's now encompasses hospitals in Denville, Dover, and Boonton Township, with other facilities scattered throughout both Morris and Sussex Counties, featuring the most up-to-date technology and offering the most compassionate care in the community. Denville and the surrounding area have come to rely on Saint Clare's in its times of need, and Saint Clare's has always responded with open arms.

The Saint Clare's Health System tradition is built on values such as reverence, integrity, compassion, and excellence. In exhibiting those core values, Saint Clare's has become one of the most prestigious health services in northern New Jersey. Saint Clare's aims to nurture those in need of medical help by offering a wide range of medical services, like women's health, maternal-child care, emergency services, pediatrics, behavioral therapy, cardiovascular care, weight loss surgery, and a world-class cancer center. Through those medical services, Saint Clare's has been able to provide the most personal and most advanced health care to Denville and the surrounding municipalities, while emphasizing human dignity and social justice by helping create healthier communities.

Mr. Speaker, I ask you and my colleagues to join me in congratulating Saint Clare's Health System as it celebrates its 60th anniversary.

#### TIME WARNER CABLE DATA CENTER IN COLORADO

#### HON. CORY GARDNER

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

*Thursday, July 11, 2013*

Mr. GARDNER. Mr. Speaker, I rise today to recognize a valuable, job creating project that broke ground in the great State of Colorado.

On June 25, Time Warner Cable unveiled an \$85 million data center in Centennial, Colorado.

This center will support the equipment needed to deliver digital video and IP based services to many Time Warner Cable customers and will complement the company's data center in Charlotte, North Carolina.

Construction of this project will last through much of 2014 and the center will go online in January of the following year.

Upgrades at the facility have been ongoing since 2011 and when the new development is complete, Time Warner Cable will have invested more than \$141 million in my home State.

That's a big project for any municipality, but in a town with a population of 102,603, it is an economic game changer. The jobs created by the construction and staffing of the finished facility will have an immediate impact on the town and surrounding area.

Time Warner Cable's commitment to diversifying Colorado's economy and providing opportunities for Colorado's working families is to be commended.

#### IN HONOR OF ROY HARRIS

#### HON. KEVIN BRADY

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

*Thursday, July 11, 2013*

Mr. BRADY of Texas. Mr. Speaker, I stand today to honor my friend, Roy Harris of Cut and Shoot on his 80th birthday.

All across America, there are living legends every American should know about and Montgomery County, Texas has a special icon: Roy Harris.

To fully understand Roy's legendary status, we have to take a trip back in time. Roy's first brush with fame came during his early teen-aged years when he and his brother captured a 14 foot alligator and brought it to a pond on their family's property. At the time, that was the largest alligator ever captured in Texas.

In his early 20's, Roy stepped into the boxing ring with determination. He won his first 23 fights, beating some of the top boxers of his generation, earning Ring Magazines' progress of the year for 1957. He was featured on the coveted cover of Sports Illustrated which played up his East Texas roots having him stand on a cabin porch with a 19th century rifle and loyal canine companion at his side.

Roy's legend grew even larger when he stepped into the ring to battle reigning world champion and Olympic Gold Medalist Floyd Patterson for the world's heavyweight boxing title.

The referee stopped the fight after 12 rounds, but not before Roy became a national hero. It was Roy's fame, and a boost from his hit record "Cut'n Shoot, Texas USA", that literally put his hometown on the map and garnered it an official U.S. Post Office.

But Roy is so much more than an alligator wrangler, a top flight boxer or radio hit maker, Roy was also a college honor student and a reserve officer in our military. He taught elementary school before becoming a lawyer, real estate mogul and popular public servant serving several terms as our county treasurer. I can tell you from personal experience, no one campaigns harder, longer, and more for the people than Roy Harris.

He and his wonderful wife, Jeannie, raised six impressive children. He told his story much better than I could in his book "Roy Harris: Backwoods Battler." My only question was how is this autobiography not in multiple volumes?

With 30 wins in the ring and many, many more wins in life, it was fitting that our community came together last month for a public birthday bash for Roy's 80th.

Roy, thanks for being a great example for your children, my children, and millions of others. Your legend will only keep growing.
